Revenue Streams

Cost Structure

Variable

- Ad Revenue from Google AdSense from banner ads and pop ups
- \$0.06744 per view average earnings given by Google AdSense

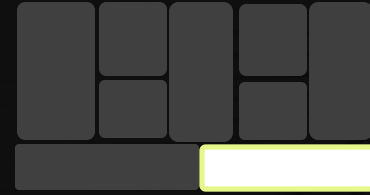

Fixed

- Spotify API \$30/Month

Development Cost

- Customer Service Representative - \$2832/month
- Back End App Developer - \$6484/month

Revenue Stream

Free

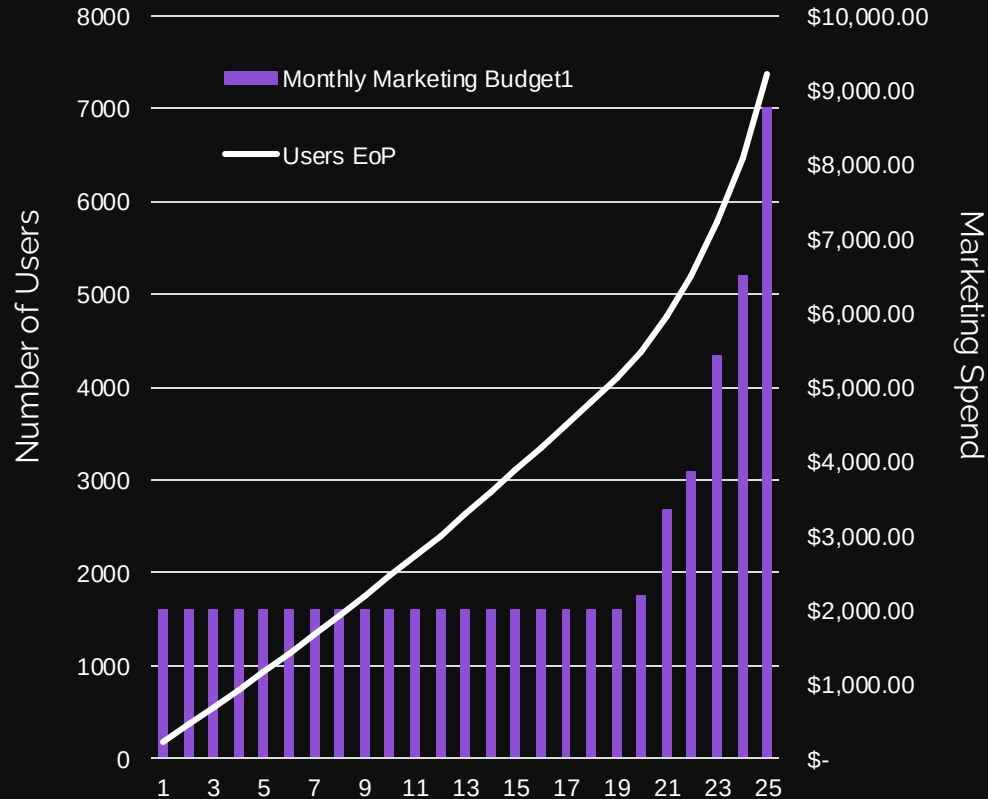

- Ad Revenue from Google AdSense from banner ads and pop ups
- \$0.06744 per view average earnings given by Google AdSense

Premium

- \$1.49 per month per user for the premium subscription

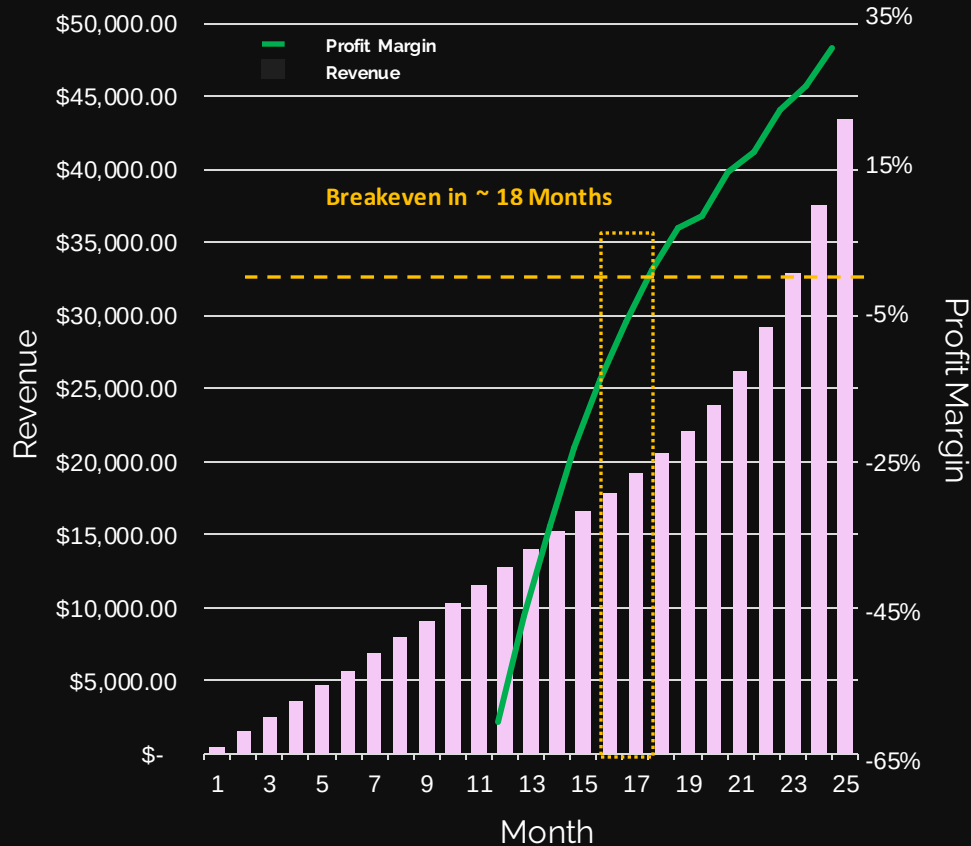

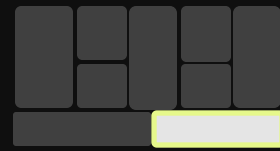

User Growth vs Marketing Spend

Key Assumptions

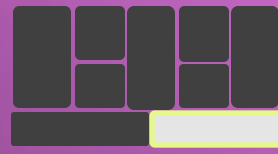

- \$2,000 in monthly marketing spending with an average of \$11.21 CAC from industry averages
- Marketing budget is static until we can reinvest profits into marketing

2 Year Financial Projections

Key Assumptions

- 4 Year Customer Lifetime => 1.67% Monthly Churn
- \$0.06744 per view average earnings given by Google AdSense
- At least 40 min of screen on time in a month and then view that many ads on our platform

Initial Investment

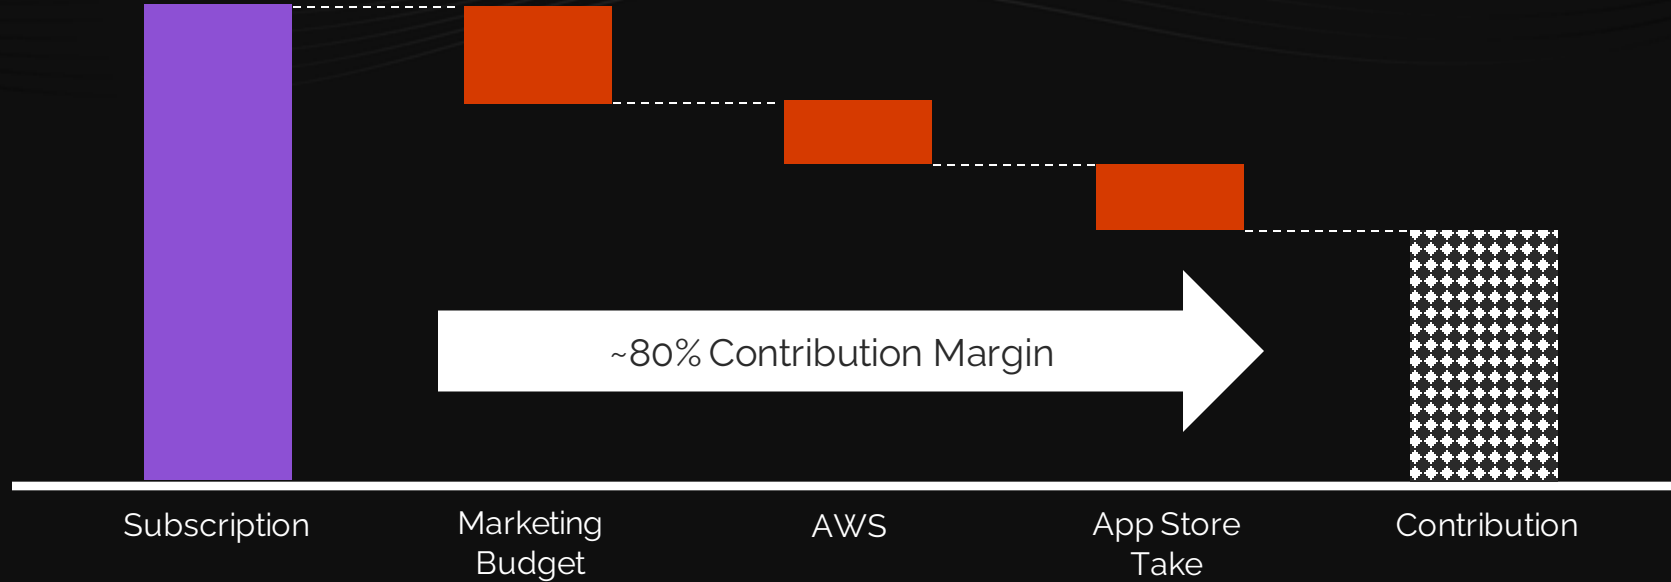

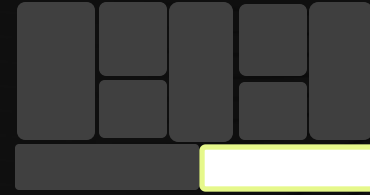

\$10,000

24 Month Ending Cash Balance

Exhibit 9: Breakeven Point

Break Even		
Revenue:	\$	350,764.07
Variable costs	\$	70,907.50
Fixed Costs	\$	221,491.20
Variable costs as a % of Revenue		20%
Contribution Margin		80%
Break Even Cost:	\$	277,610.62

Exhibit 10: Implementation Plan

	0-6 Month	6-12 Month	12-18 Month	18-24 Month	24-30 Month
Development					
Marketing Strategy					
Collect User Feedback					
Launch Towards More Customer Segment					
Reinvest Profits into Marketing					

Exhibit 11: Risks, Mitigation and Contingencies

Technical Issues	Legal Issues
Mitigation Regular updates and testing Customer Feedback and Application	Mitigation Regular audits to ensure practices with current precedence and laws
Contingencies Use our development resources as technical staff to nullify the issue	Contingencies Ready to go external legal team if required
